## 2<sup>nd</sup> INTERNATIONAL LIVER CANCER RESEARCH CONFERENCE 2023

Novel Directions in Liver Cancer Research

Heidelberg, Germany | 11–13 October 2023

The Conference will cover all research aspects of human liver carcinogenesis, from its initiation by chronic liver disease to its progression into metastatic cancer, its functional dissection, and the identification of novel preventive, diagnostic, and therapeutic approaches. Poster sessions and workshops will provide ample opportunities for the discussion of recent research results.

### SESSIONS

Liver cancer – the impact of etiology  
Tumor cell microenvironment and immune mediated mechanisms of hepatocarcinogenesis  
Early hepatobiliary carcinogenesis  
Microbiome and tumor metabolism  
Tumor cell plasticity  
Genetic and epigenetic alterations and targeted therapies  
Innovative therapies and novel therapeutic approaches

### REGISTRATION

Free admission. Registration required due to limited number of participants.  
Register under [www.livercancer.de](http://www.livercancer.de) from 1 March 2023 to 10 September 2023.

### VENUE

German Cancer Research Center (DKFZ)  
Im Neuenheimer Feld 280  
69120 Heidelberg

### SCIENTIFIC ORGANIZATION

P. Schirmacher (Heidelberg)  
S. Roessler (Heidelberg)  
M. Heikenwälder (Heidelberg/Tübingen)  
A. Saborowski (Hannover)  
N. Malek (Tübingen)

### ORGANIZER/CONTACT

SFB/TR 209 + LCCH + ZPM  
University Hospital Heidelberg  
Im Neuenheimer Feld 224  
69120 Heidelberg

Dr. M. Skunde  
T: +49 6221 5639186
